Security Dealer & Integrator

## Security Mobile Apps Guide

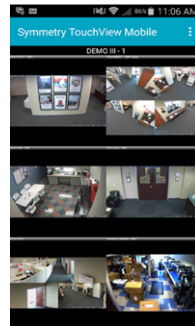

### ADI App from ADI Global

**Category:** Distributors

**Availability:** Google play; iTunes

**Description:** The ADI app enables users to find products and place an order for pickup or shipment. Use Search or Browse to shop all of ADI's products or use "Shop My Branch" to shop bestselling products in stock in your local branch.

**More Info:** [www.SecurityInfoWatch.com/12291176](http://www.SecurityInfoWatch.com/12291176)

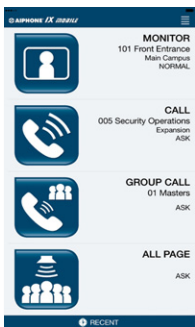

### Symmetry TouchView Mobile from AMAG

**Category:** Video Surveillance (VMS)

**Availability:** Google play; iTunes

**Description:** Cross-platform capability enables users to create configurations in the app and transfer them to the Web Client. Users can export the web client configuration and quickly import it into a mobile device.

**More Info:** [www.SecurityInfoWatch.com/12291259](http://www.SecurityInfoWatch.com/12291259)

### IX Mobile from Aiphone

**Category:** Access Control & Communications

**Availability:** Google play; iTunes

**Description:** With IX Mobile, users can identify visitors and unlock entrances, monitor door stations, receive calls, communicate with other IX stations, make or receive paging announcements, and call back stations in the recent calls history. It has four programmable speed dial buttons to quickly get in contact with other stations.

**More Info:** [www.SecurityInfoWatch.com/12291195](http://www.SecurityInfoWatch.com/12291195)

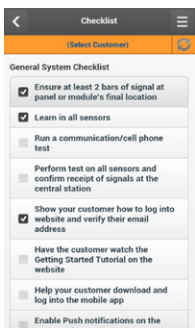

### ASSA ABLOY Mobile Access

**Category:** Access Control

**Availability:** Google play; iTunes

**Description:** With ASSA ABLOY Mobile Access powered by Seos, users can securely store keys in an Apple or Android phone and open doors by holding it to a compatible contactless lock. Users must be signed up with an enabled access control service provider to receive Seos digital keys/credentials to the app.

**More Info:** [www.SecurityInfoWatch.com/12291263](http://www.SecurityInfoWatch.com/12291263)

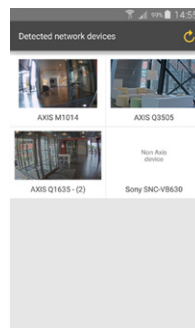

### Alarm.com MobileTech Tool

**Category:** Installation Tools

**Availability:** Google play; iTunes

**Description:** Designed for on-site installers for Alarm.com Authorized Dealers, MobileTech helps to install and troubleshoot Alarm.com systems. It includes tools that help to increase installation accuracy, decrease installation time, and reduce the need to call technical support.

**More Info:** [www.SecurityInfoWatch.com/12291217](http://www.SecurityInfoWatch.com/12291217)

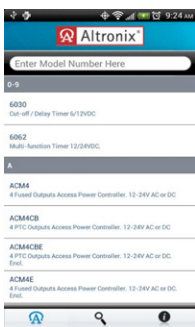

### Axis Wireless Installation Tool

**Category:** Video Surveillance Installation

**Availability:** Google play; iTunes

**Description:** This app works only with the AXIS T8415 wireless installation tool. Use it for discovery of all Axis cameras as well as ONVIF cameras; direct access to features like focus, rotate and snapshot; and basic network settings such as IP address.

**More Info:** [www.SecurityInfoWatch.com/12291270](http://www.SecurityInfoWatch.com/12291270)

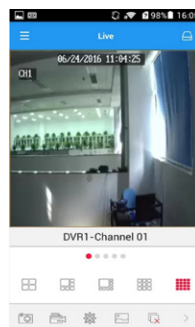

### Altronix Mobile

**Category:** Power Supply Specification

**Availability:** Google play

**Description:** Altronix's mobile app features a fast and intuitive product finder, along with technical specification tools. It provides security professionals with all the information they need to specify Altronix products while in the field.

**More Info:** [www.SecurityInfoWatch.com/12291233](http://www.SecurityInfoWatch.com/12291233)

### Bolide Quick Connect

**Category:** Video Surveillance

**Availability:** Google play; iTunes

**Description:** Bolide Quick Connect is surveillance software that supports live video streaming, video recording and playback, remote video playback, snapshots, PTZ control and more.

**More Info:** [www.SecurityInfoWatch.com/12291275](http://www.SecurityInfoWatch.com/12291275)

## Bosch Security Dealer

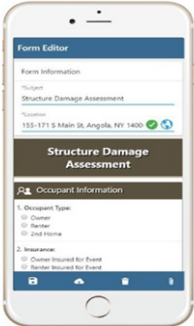

**Category:** Design/Specification

**Availability:** Google play; iTunes

**Description:** The free Security Dealer mobile app offers product and marketing information, tools and resources, including a unique presentation card deck for on-the-spot customer presentations via mobile

or tablet. In addition, the app will notify users of new firmware releases, product announcements, special events, and promotions.

**More Info:** [www.SecurityInfoWatch.com/12291278](http://www.SecurityInfoWatch.com/12291278)

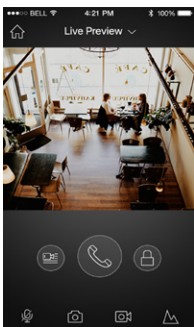

## DLAN Mobile Responder from Buffalo Computer Graphics

**Category:** Communications

**Availability:** Google play; iTunes

**Description:** Buffalo Computer Graphics' Mobile Responder app enables emergency managers in the field to easily communicate essential information with each other and with Emergency Operations Center (EOC) staff.

**More Info:** [www.SecurityInfoWatch.com/12280235](http://www.SecurityInfoWatch.com/12280235)

## iDMSS and gDMSS Plus from Dahua

**Category:** Video Surveillance

**Availability:** iTunes (iDMSS); Google play (gDMSS)

**Description:** Surveillance software that supports features including push notification alarms, video playback, task wheel, finger gesture, windows slide and more.

**More Info:** [www.SecurityInfoWatch.com/12291285](http://www.SecurityInfoWatch.com/12291285)

## DW Mobile App from Digital Watchdog

**Category:** Video Surveillance

**Availability:** iTunes

**Description:** Digital Watchdog's DW Mobile app for iPad and iPhone devices

works seamlessly with Digital Watchdog's popular DW Spectrum IPVMS and VMAX DVRs/NVRs. DW Mobile enables users to view, playback and capture still images from a surveillance system on a smartphone or tablet.

**More Info:** [www.SecurityInfoWatch.com/12189638](http://www.SecurityInfoWatch.com/12189638)

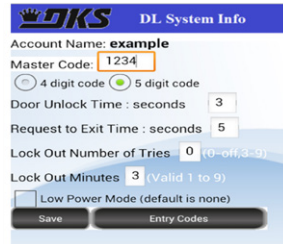

## DMP Virtual Keypad

**Category:** Alarm Systems

**Availability:** Google play; iTunes

**Description:** Virtual Keypad enables users to connect to home or business to arm/disarm, control lights, locks, thermostats and other automated services with the touch of a button. View, record and download video from security cameras directly.

**More Info:** [www.SecurityInfoWatch.com/10758883](http://www.SecurityInfoWatch.com/10758883)

## DKS Digital Lock Manager from DoorKing

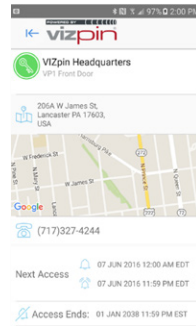

**Category:** Access Control

**Availability:** Google play

**Description:** Allows users to manage the access codes in DoorKing's model 1515 digital entry lock using the Near Field Communication (NFC) feature on an Android phone.

Easily add and delete access codes, set the relay strike time, add Hold Open Codes, set lock-out times and more.

**More Info:** [www.SecurityInfoWatch.com/12291330](http://www.SecurityInfoWatch.com/12291330)

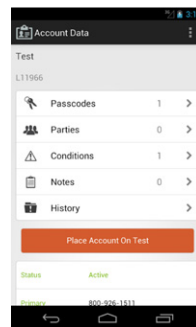

## VIZpin Smart

**Category:** Access Control

**Availability:** Google play; iTunes

**Description:** VIZpin SMART is an electronic key ring that organizes VIZpin electronic keys, which are secure, encrypted keys that enable users to unlock the company's VP1 reader-controller.

**More Info:** [www.SecurityInfoWatch.com/12291338](http://www.SecurityInfoWatch.com/12291338)

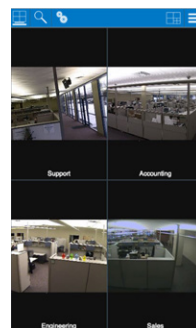

## Emergency 24 Dealer app

**Category:** Alarm Customer Management

**Availability:** Google play; iTunes

**Description:** EM24 dealers can access their subscribers' accounts, view recent history, place entire accounts or specific conditions on test and find nearby subscribers using the GPS, which will then provide driving directions to the property. Subscriber data can be passcode protected.

**More Info:** [www.SecurityInfoWatch.com/12291340](http://www.SecurityInfoWatch.com/12291340)

## Exacq Mobile 3

**Category:** Video Surveillance (VMS)

**Availability:** Google play; iTunes

**Description:** The Exacq Mobile app enables users to view live and recorded video from exacqVision IP and hybrid servers. Connect and view up to 48 surveillance cameras. Control PTZ functions, monitor and control triggers, view and search video, and more.

**More Info:** [www.SecurityInfoWatch.com/12291352](http://www.SecurityInfoWatch.com/12291352)

## Fire Alarm Trainer

**Category:** Fire Alarm Code Education

**Availability:** Google play; iTunes

**Description:** Assists in learning how to look up and answer fire alarm-related questions. Each question has been specifically worded to simulate what an actual exam would include. All content is based on the most current versions of NFPA 72 and NEC 70.

**More Info:** [www.SecurityInfoWatch.com/12291357](http://www.SecurityInfoWatch.com/12291357)

## Pay As You Go—OnDemand™ Monitoring

The freedom to choose: Sell a short term monitoring plan on any DMP panel and capture a new segment of customers. Offer an OnDemand monitoring option to customers instead of letting them cancel. Gain and retain more customers. Find out more at [dmp.com/OnDemand](http://dmp.com/OnDemand).

*We make your company more valuable.*

## FLIR Mobile

**Category:** Video Surveillance

**Availability:** Google play; iTunes

**Description:** FLIR Mobile enables security personnel and other thermal camera users to remotely access and control Nexus-enabled FLIR Sensors from Android, iPhone and iPad devices, turning a mobile device into a portable surveillance station.

**More Info:** [www.SecurityInfoWatch.com/12291359](http://www.SecurityInfoWatch.com/12291359)

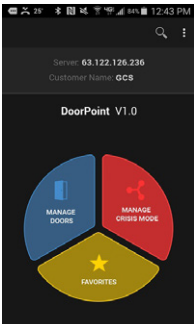

## Total Connect 2.0 from Honeywell

**Category:** Alarm Systems

**Availability:** Google play; iTunes

**Description:** The Honeywell Total Connect Remote Interactive Services app gives users real-time control of Honeywell security systems. Users can remotely control the security system, Z-wave-enabled devices (e.g. lights, locks and thermostats) and view live, streaming video of the home or business.

**More Info:** [www.SecurityInfoWatch.com/12229065](http://www.SecurityInfoWatch.com/12229065)

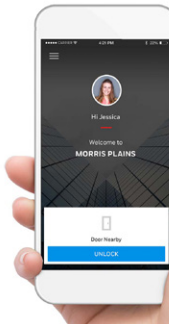

## DoorPoint and PersonPoint from Galaxy Control Systems

**Category:** Access Control

**Availability:** Google play; iTunes

**Description:** DoorPoint users can remotely lock, unlock and pulse doors, view door status and activity report data via the System Galaxy software. PersonPoint enables authorized users to activate and de-activate cardholders remotely.

**More Info:** [www.SecurityInfoWatch.com/12168998](http://www.SecurityInfoWatch.com/12168998)

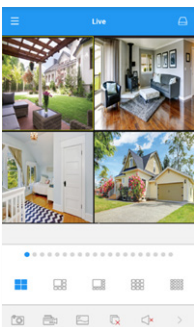

## Honeywell Vector Occupant App

**Category:** Building Automation

**Availability:** Google play; iTunes

**Description:** Provides digital identification and integrates with core building functions, including access and comfort control. The app's access control capability eliminates the need for physical cards or fobs and gives users secure access via smartphone.

**More Info:** [www.SecurityInfoWatch.com/12280227](http://www.SecurityInfoWatch.com/12280227)

## WiseView from Hanwha Techwin

**Category:** Video Surveillance

**Availability:** Google play; iTunes

**Description:** WiseView is a free application designed specifically for Hanwha Techwin's security products that enables users to view live video, search and playback anywhere with a smartphone. Supported models include: SDH-B74041, SDH-B74081 and SNK-D5081.

**More Info:** [www.SecurityInfoWatch.com/12291376](http://www.SecurityInfoWatch.com/12291376)

## IDEAL AnyWARE

**Category:** System Testing/Design

**Availability:** Google play; iTunes

**Description:** Connects to an IDEAL cable or network tester using Wi-Fi and transfers test reports to a mobile device. Once data is transferred, users can view pdf reports and send them via email or file sharing app.

**More Info:** [www.SecurityInfoWatch.com/12291393](http://www.SecurityInfoWatch.com/12291393)

## HID Mobile Access

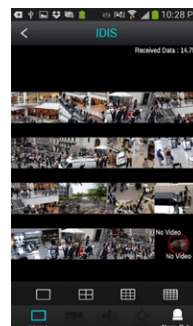

**Category:** Access Control

**Availability:** Google play; iTunes

**Description:** HID Mobile Access is used with the company's mobile-enabled iCLASS SE and/or multi-CLASS SE readers, and includes Mobile IDs, HID Mobile Access

Apps and access to the HID Secure Identity Services portal for managing users and issuing or revoking Mobile IDs.

**More Info:** [www.SecurityInfoWatch.com/11706496](http://www.SecurityInfoWatch.com/11706496)

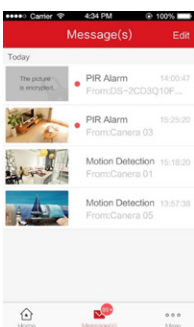

## IDIS Mobile

**Category:** Video Surveillance

**Availability:** Google play; iTunes

**Description:** IDIS Mobile enables IDIS security system users to view live video, control PTZ functions, search and playback anywhere with a smartphone.

**More Info:** [www.SecurityInfoWatch.com/12291398](http://www.SecurityInfoWatch.com/12291398)

## Hik-Connect from Hikvision

**Category:** Video Surveillance

**Availability:** Google play; iTunes

**Description:** The Hik-Connect app is designed to work with Hikvision series DVRs, NVRs and IP cameras that support Cloud P2P function. It enables users to view and manage cameras remotely, including real-time monitoring, video playback and push-notification of alarms.

**More Info:** [www.SecurityInfoWatch.com/12291384](http://www.SecurityInfoWatch.com/12291384)

## UltraSync SmartHome VR from Interlogix

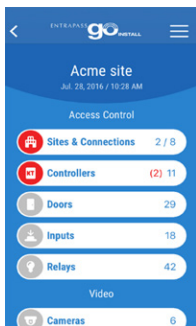

**Category:** Residential

**Availability:** Google play; iTunes

**Description:** This fully wireless system lets users manage security and home systems like heating, air conditioning and lighting from a smartphone or tablet. Includes a fully immersive virtual reality experience.

**More Info:** [www.SecurityInfoWatch.com/12199587](http://www.SecurityInfoWatch.com/12199587)

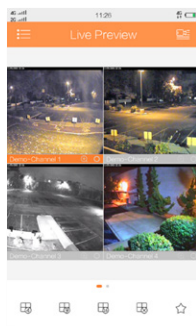

## EntraPass go Install from Kantech

**Category:** Access Control Installation Tools

**Availability:** Google play; iTunes

**Description:** EntraPass Go Install enables an installer to quickly install Kantech controllers connected to EntraPass security software by scanning a QR code. This helps reduce install times, manual entry errors and costly call back visits.

**More Info:** [www.SecurityInfoWatch.com/12291418](http://www.SecurityInfoWatch.com/12291418)

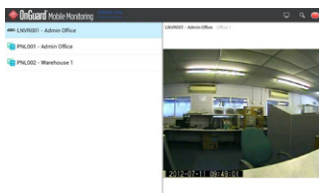

## iSeeVideo IVR from Napco

**Category:** Video Surveillance

**Availability:** Google play; iTunes

**Description:** The iSeeVideo IVR enables users to access 24/7 recorded video and live video feed as captured by their Napco Security Technologies' security camera(s) and IVR.

**More Info:** [www.SecurityInfoWatch.com/12291447](http://www.SecurityInfoWatch.com/12291447)

## OnGuard Mobile Monitoring from Lenel

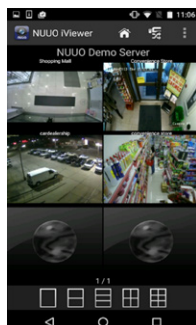

**Category:** Enterprise Security Monitoring

**Availability:** Google play; iTunes

**Description:** OnGuard mobile monitoring provides real-time

monitoring of alarms anywhere there is a data-capable wireless connection. Security personnel are no longer required to be tethered to a central monitoring station for greater deployment efficiency.

**More Info:** [www.SecurityInfoWatch.com/10746691](http://www.SecurityInfoWatch.com/10746691)

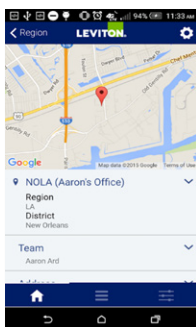

## NUUO iViewer

**Category:** Video Surveillance

**Availability:** Google play; iTunes

**Description:** NUUO iViewer is a free app that enables users to remotely monitor live video from security cameras through NUUO surveillance systems. Users can view multiple cameras simultaneously by 3G or WiFi. It also supports snapshots and physical/digital PTZ control.

**More Info:** [www.SecurityInfoWatch.com/12291456](http://www.SecurityInfoWatch.com/12291456)

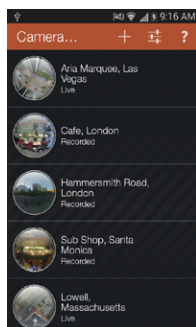

## Leviton Cloud Services

**Category:** Security and Lighting Control

**Availability:** Google play; iTunes

**Description:** Using the Leviton Cloud Services app along with an appropriate Leviton Cloud Services subscription plan, business owners can access multiple locations to monitor and adjust lighting loads, temperatures, and view live surveillance footage.

**More Info:** [www.SecurityInfoWatch.com/12291425](http://www.SecurityInfoWatch.com/12291425)

## OnVu360 from Oncam

**Category:** Video Surveillance

**Availability:** Google play; iTunes

**Description:** OnVu360 enables users to fully experience high-resolution 360-degree video. Monitor 360-degree cameras in real time, enabling anytime access while navigating 360-degree video with zero latency.

**More Info:** [www.SecurityInfoWatch.com/12178665](http://www.SecurityInfoWatch.com/12178665)

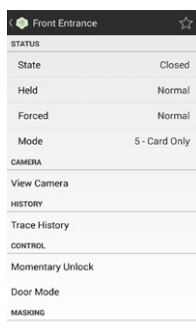

## March Networks GURU 2.2

**Category:** Video Surveillance Installation

**Availability:** Google play; iTunes

**Description:** GURU helps March Networks certified solutions providers (CSPs), field technicians and engineers save time in the field when troubleshooting March Networks' hybrid Network Video Recorders (NVRs), IP cameras, Command video management software and Searchlight application software.

**More Info:** [www.SecurityInfoWatch.com/12202792](http://www.SecurityInfoWatch.com/12202792)

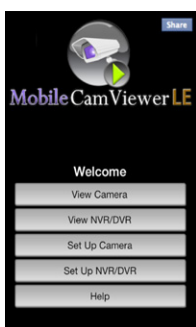

## DNA Fusion Remote Management Client from Open Options

**Category:** Access Control

**Availability:** Google play; iTunes

**Description:** Remote management client for DNA Fusion access control. Features include: alarm handling, door control, access credential management, live camera view and more.

**More Info:** [www.SecurityInfoWatch.com/12291462](http://www.SecurityInfoWatch.com/12291462)

## MobileCamViewer Enterprise from mobiDEOS

**Category:** Video Surveillance

**Availability:** Google play; iTunes

**Description:** For Enterprise Installations of MobileCamViewer Server, users can watch live (HexView and Single View) video, along with PTZ control for security cameras, DVRs, NVRs and video servers.

**More Info:** [www.SecurityInfoWatch.com/10758853](http://www.SecurityInfoWatch.com/10758853)

## MySecurity Account from Rapid Response

**Category:** Alarm Customer Management

**Availability:** Google play; iTunes

**Description:** MySecurity Account places advanced controls in your customers' hands. Give them more than they expect: the ability to request or cancel a dispatch, to test their systems, to view/edit account data, to receive push notifications, to view video clips and more. Brand it with your company logo.

**More Info:** [www.SecurityInfoWatch.com/12171771](http://www.SecurityInfoWatch.com/12171771)

## SALTO JustIN Mobile Apps

**Category:** Access Control

**Availability:** Google play; iTunes

**Description:** The JustIN Mobile Key app enables users to use their BLE-enabled smartphone to access doors. The JustIN mSVN (mobile SALTO Virtual Network) app is for NFC-enabled phones.

**More Info:** [www.SecurityInfoWatch.com/12105602](http://www.SecurityInfoWatch.com/12105602)

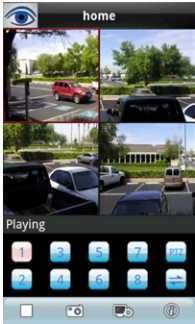

## STid Mobile ID

**Category:** Access Control  
**Availability:** Google play; iTunes

**Description:** STid Mobile ID enables a mobile device to securely open doors. It can work alongside, extend or replace traditional RFID access credentials.

**More Info:** [www.SecurityInfoWatch.com/12266354](http://www.SecurityInfoWatch.com/12266354)

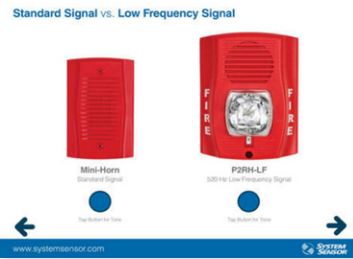

## STDVR from SecurityTronix

**Category:** Video Surveillance

**Availability:** Google play; iTunes

**Description:** STDVR is a mobile monitoring app for the SecurityTronix line of DVRs that enables users to access the device via Android phone, iPhone and iPod touch. There is no limit to the amount of video you can stream, and users can control all PTZ cameras connected to the DVR.

**More Info:** [www.SecurityInfoWatch.com/12291491](http://www.SecurityInfoWatch.com/12291491)

## Experience from System Sensor

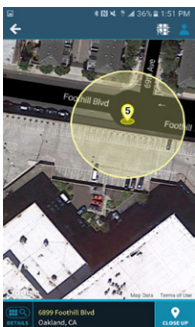

**Category:** Product Information

**Availability:** Google play; iTunes

**Description:** The System Sensor Experience App features interactive files, or folios, in a library that

includes product information, videos, images and more.

**More Info:** [www.SecurityInfoWatch.com/12291477](http://www.SecurityInfoWatch.com/12291477)

## ShotSpotter Mobile

**Category:** Gunshot Detection

**Availability:** Google play; iTunes

**Description:** Helps law enforcement agencies by directing police to the precise location of illegal gunfire incidents. ShotSpotter instantly notifies officers of shootings in progress with real-time data delivered to mobile devices.

**More Info:** [www.SecurityInfoWatch.com/12291471](http://www.SecurityInfoWatch.com/12291471)

## System Surveyor

**Category:** System Design

**Availability:** iTunes

**Description:** System Surveyor provides a mobile and cloud-based tool that simplifies the design, installation and lifecycle maintenance of electronic security systems. It pulls together floor plans with device placements, technical device details, photos and administrative system information on a single platform.

**More Info:** [www.SecurityInfoWatch.com/12172305](http://www.SecurityInfoWatch.com/12172305)

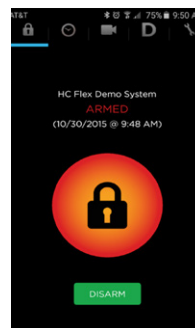

## Sonitrol Mobile

**Category:** Alarm Systems

**Availability:** Google play; iTunes

**Description:** The app gives Sonitrol users the capability to remotely and securely search for their facilities via map or text, manage system arming status, view and filter historical events, manage system users, and view live video.

**More Info:** [www.SecurityInfoWatch.com/12291474](http://www.SecurityInfoWatch.com/12291474)

## HomeControl Flex from Telguard

**Category:** Alarm Systems

**Availability:** Google play; iTunes

**Description:** HomeControl Flex enables users to remotely arm a system, and receive notifications of alarm status changes easily and securely. It tells them when their kids get home or if the alarm system was not armed when they left for work. It is peace of mind in the palm of your hand.

**More Info:** [www.SecurityInfoWatch.com/12291482](http://www.SecurityInfoWatch.com/12291482)

## STANLEY Guard Personal Safety App

**Category:** Emergency Communications

**Availability:** Google play; iTunes

**Description:** The STANLEY Guard Personal Safety app allows users – whether they are students, employees or executives – to send alerts, including video and their GPS location, directly to a security command center for immediate response.

**More Info:** [www.SecurityInfoWatch.com/12174333](http://www.SecurityInfoWatch.com/12174333)

## Vanderbilt VI-Key Unlock

**Category:** Access Control

**Availability:** Google play

**Description:** Make a Bluetooth signal immediately discoverable by launching this app, turning a user's phone into a key. Users can also easily trigger the company's VI-Key access control reader.

**More Info:** [www.SecurityInfoWatch.com/12291494](http://www.SecurityInfoWatch.com/12291494)

# Compact... Yet *Sophisticated*

## Introducing the NUUO NuStation NU-16FHD

- Advanced CPU with GPU Optimized for Processing Video
- Linux Ubuntu OS with Embedded NuClient
- Can be Deployed as a Standalone Workstation
- Supports up to 16 ea. 1080p Camera Views
- Fan-less: Noise Free Operation
- Low Power Consumption
- Small Mounting Footprint:  
Compact Size 1.06 x 5.54 x 4.23 in. (H x W x D)  
Mounts on the Rear of the Monitor
